

# CASHBACK ...The Man in Black is Back!

## The Definitive Tribute to the Music and Character of Johnny Cash

Johnny Cash! The Man in Black! A career and life has been so inspirational to so many people. The music of Johnny Cash is timeless and being received by a whole new generation of fans. In 2006, he was the second highest in music sales internationally, outselling Beatles, Elvis, and others!

Ric Herrington is **CASHBACK** and brings the legend back to life, with that bright and snappy boom chicka boom music. **CASHBACK** performs the Cash classics in character with the subtle power of the Man in Black.

Walk the Line with a Boy

Named Sue when **CASHBACK** relives the rhythm, rhymes, and stories back to life. **CASHBACK** has sold-out appearances at Social Clubs, Restaurants, Hotels, and Clubs all across the UK! He receives many repeat bookings due to the demand for his lively shows.

Ric is often stopped on the street, especially if wearing all-black, and told how much he looks like Johnny Cash. The shock comes when he speaks. He speaks and sings with that same American southern-fried baritone that millions of Cash's fans have come to know and love. "You're going to put Johnny Cash out of work" was a recent comment. "You sound more like Johnny Cash than Johnny Cash", was another reaction.

Ric says, "I try to capture the true heartbeat in the songs. I don't consider myself an impersonator. I have spent time with the stories behind the songs and try to put that forward when performing live. Johnny Cash connected with audiences in an amazing way with that obvious passion for whatever he was singing."

**CASHBACK's** powerful voice and skillful playing of the acoustic guitar and harmonica combine for an experience that will not soon be forgotten. His show is sure to get those boots a scootin' and yehaaa's a hootin' and will bring the house down!
